SUMMARY

I'm a passionate software developer with a knack for enhancing lives through technology. With an eye for detail and a strong work ethic, I'm a self-motivated learner who loves acquiring new skills. Collaborative teamwork is my jam—it's where skill growth gets a front-row seat! If you're looking for a motivated and enthusiastic developer ready to contribute and grow with your company, let's connect.

SKILLS

HTML/CSS

JavaScript

Git/Github

Bootstrap 5

Communication

Possess exceptional written and digital communication skills, proficient at delivering concise information and maintaining effective communication through email, video conferencing, and web chat.

Self-management

Able to prioritize tasks and set personal deadlines to ensure efficient time management. Committed to self-development and always willing to pick up new skills.

Collaboration

Demonstrated effective collaboration skills through working with diverse students and parents, as well as coordinating transportation for multiple children. Adapted well in team environments, fostering a respectful and tolerant atmosphere.

WORK EXPERIENCE

Scholar transport driver, *Self-employed*

01/2022 – 11/2022 | Grahamstown, South Africa

- I was responsible for transporting 12 children, ranging from ages 4 to 18, to and from school on a daily basis.
- Created structured schedules for efficient and punctual pick-ups/drop-offs, adapting to changing extracurricular schedules.
- Established open communication with teachers and parents for timely updates on learners' schedule changes.
- I mediated occasional conflicts among the learners and created transport rules to promote an atmosphere of respect and tolerance to ensure a harmonious and inclusive environment for all the learners.

Freelance online Chemistry and Biology tutor,

Livingston Research 

10/2020 – 04/2022 | Remote

- Provided academic support in chemistry, physics, and biology to diverse students from the USA, UK, and Australia. Developed adaptable lesson plans for varying curricula.
- Maintained open communication, promptly addressing student inquiries across different time zones via platform and email.
- Facilitated effective learning outcomes by offering assignment assistance and designing quick tests and quizzes aligned with the customized lesson plans.
- Engaged in feedback loop with support team, refining lesson plans based on student progress and evaluations.

EDUCATION

BSc General, *University of Pretoria*

2020 | Pretoria, South Africa

- **2017 - 2018** Elected board secretary of the UP chapter of the Marabele Africa society that focused on funding youth entrepreneurship, sponsored by Standard Bank. Marabele Africa Facebook page
